

# REVOLUTION IN FLOORING

stonecraft

EYE CATCHING APPEAL

STONECRAFT RESURFACING SYSTEMS PROVIDE UNSURPASSED DURABILITY  
EXCEPTIONAL VALUE

UNIQUE COMBINATIONS OF COLOR, PATTERN AND TEXTURE PROVIDE EYE-CATCHING APPEAL FOR EVERY APPLICATION.

# ATTRACTIVE, DURABLE,

## SEAMLESS AND STAIN RESISTANT

StoneCraft has more than twice the compressive, flexural, and tensile strength of concrete.

StoneCraft flooring is completely waterproof, and highly stain resistant. A range of anti-slip properties can easily be incorporated into any design adding to it's performance and value.

## VERSATILE

StoneCraft surfacing systems are highly flexible and can be applied over numerous substrates including wood, concrete, drywall, and stone. Custom colors and designs can be crafted to suit your specific needs.

Because StoneCraft is a trowel-on system, it can be applied over a variety of shapes and architectural features. Applications can be varied in thickness down to a minimum of 1/16 of an inch to feather into existing surfaces or grades.

# SEAMLESS FLOORING

YOU CAN HAVE IT ALL

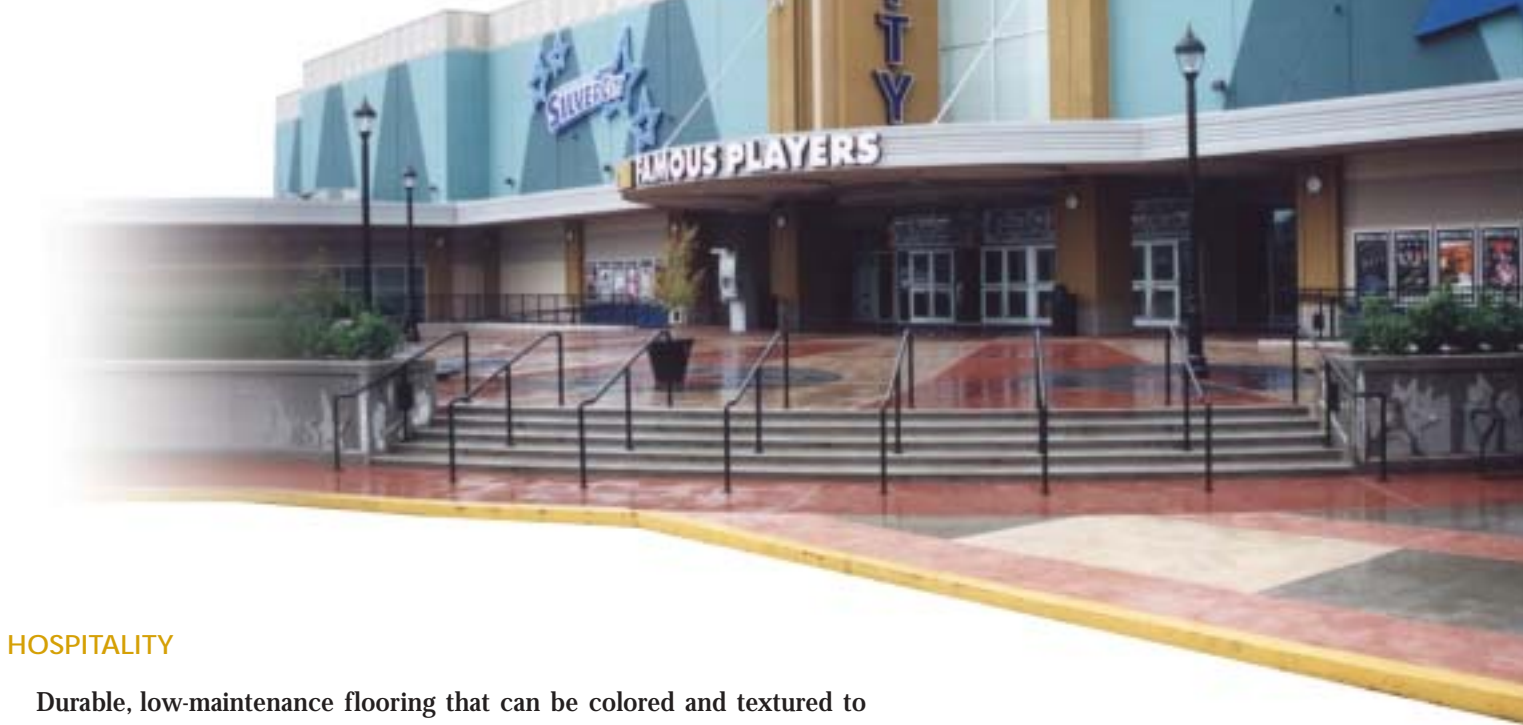

## DURABLE AND HARD WEARING

StoneCraft systems are designed to withstand constant traffic, high abrasion, chemicals, contaminants and moisture. These properties, combined with anti-slip capabilities and easy cleaning make StoneCraft especially suitable for commercial and industrial applications.

## VALUE

StoneCraft's unique surfacing systems provide the look of exotic slates, granites, stone, brick or tile at a fraction of the cost. Unsurpassed durability makes StoneCraft an investment that provides exceptional value for years to come.

### HOSPITALITY

Durable, low-maintenance flooring that can be colored and textured to suit any decor. Anti-slip properties and an integrated cove-base makes StoneCraft one of the most functional and serviceable floors available.

### RETAIL

StoneCraft can be applied over almost any surface in a wide variety of colors, textures and patterns, making it ideal for custom theme creation.

### HEALTH CARE

StoneCraft's seamless, non-porous, low-maintenance surface can be combined with anti-microbial additives for a hygienic, sterile environment.

### RESIDENTIAL

Family rooms, home offices, patios, decks, driveways and pool surrounds - indoors and outdoors. StoneCraft forms durable custom-crafted floors to add a unique touch to your decor.

STONECRAFT QUARTZ IS AN ATTRACTIVE, DURABLE, INDUSTRIAL GRADE FLOORING SOLUTION FOR INTERIOR OR EXTERIOR USE.

# STONECRAFT QUARTZ

YOU CAN HAVE IT ALL

This seamless slip-resistant surface is completely non-porous and waterproof making it not only easy-to-clean but stain and chemical resistant.

## RESTAURANTS AND FOOD PROCESSING

StoneCraft Quartz provides a seamless, impervious chemical resistant surface that is both easy to maintain as well as highly anti-slip. Kitchens, food prep areas, coolers and freezers all benefit from increased functionality and reduced maintenance because StoneCraft Quartz floors keep spills on the surface and never need to be waxed or stripped.

## MEDICAL AND PHARMACEUTICAL

StoneCraft Quartz floors provide the highest possible levels of sanitation and peace of mind in these sensitive environments. The seamless, impervious nature inherent to StoneCraft Quartz flooring keeps impurities and reagents on the surface where they are easily removed.

## INDUSTRIAL

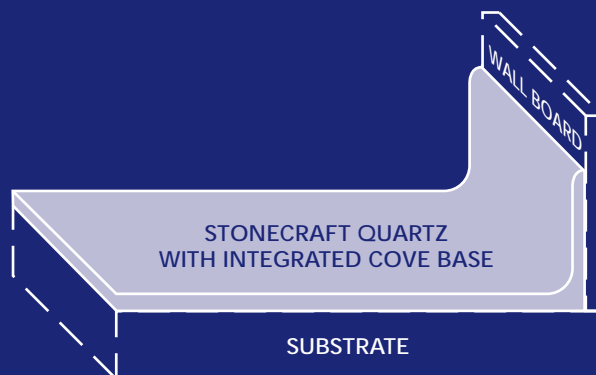

StoneCraft Quartz systems are ideally suited to manufacturing, storage, shipping and assembly areas. They withstand the constant abuse of heavy loads, extreme impact and forklift traffic as well as acids, oils and other chemicals.

## PEACE OF MIND

Microban can be incorporated into the resin to provide proven microbial control of potentially harmful bacteria like e.coli, salmonella enteritidis, staphylococcus aureus and listeria monocytogenes.

The StoneCraft Quartz System meets all of the requirements of the FDA and USDA.

# STONECRAFT Q & A

## WHAT DOES IT LOOK LIKE?

- Duplicates any look, color or texture you require ie: brick, stone, tile or other materials.
- Custom textures and patterns available.
- Unlimited range of colors including metallics, and fluorescents.
- Attractive decorator designs and finishes for floors and walls.

## HOW LONG WILL IT LAST?

- StoneCraft floors are seamless, meaning that contaminants can't get into or underneath the system causing degradation of the floor or substrate.

## HOW MUCH DOES IT COST?

- Much less than comparable tile.

## WHAT WILL IT DO FOR ME?

- Distinctive and eye pleasing decor.
- Hard wearing surfaces that will last indefinitely.
- Custom designs enhance your decor.
- Logos and other custom artwork can be incorporated right into StoneCraft surfaces.
- Very low maintenance.
- Superb investment for affordable interior/exterior upgrades.

## WHAT DOES IT TAKE TO CLEAN IT?

- StoneCraft floors are completely sealed and keep contaminants on the surface making the floor stain resistant, water-proof and extremely easy to clean.

## HOW LONG DOES IT TAKE TO INSTALL?

- Reactive polymers make StoneCraft systems among the fastest flooring systems available with installation in as little as one day.
